

# Here's How Law Enforcement Professionals Control Their Own Medical Records...

*"My 10-year-old son had a really bad biking accident last summer. We called 911 immediately. While I was tending to him, my daughter grabbed my wallet from inside the house. It contained my MyMed Exchange membership card. Once we arrived at the hospital, I gave my card to the emergency room personnel. In a matter of minutes they had all the information they needed about my son's allergies and his rare blood type. I'm now a member for life."*

*-- D. Levin, Cincinnati, Ohio*

*"We're definitely not Internet experts. But we mastered the system quickly. In less than a day our medical information was online."*

*-- R. Allan, Holiday, Florida*

Your Medical Records • Your Control • Your Peace of Mind

In a medical emergency—in your own hometown or while traveling in the U.S. or internationally—online medical information provides emergency medical personnel and attending physicians with nearly instantaneous access to time-critical medical history about you and your family members.

- It's safe, secure, and completely confidential.
- You control your own medical information online.
- Important information about you and your entire family including blood type, allergies, pre-existing conditions, current medications, emergency contacts, and much more.
- Saves time... saves money... saves lives.
- **Internet access required.**

## It's extremely affordable, too!

- IAWP Members pay only \$4.95 per month for individuals; \$6.95 for families.
- IAWP Members pay **NO SETUP FEE!** You save \$29.00.
- Enter Activation Code: **IAWP96**

Become a part of tomorrow's electronic medical records revolution today.
