To: IAWP Members

The new online Members Only section at http://iawp.wildapricot.org/ has a detailed help file at the upper right corner of every page. This is just a short and quick guide to help you get started with the new system, especially in setting your own individual record, privacy, and access. **Keep your contact information up to date.** This system is where you maintain your contact information for IAWP mailings.

A dialog box will open asking if you want to create a shortcut on your desktop. Click Yes. In the future, click on your desktop icon to open the system page. Otherwise, go to [http://www.iawp.org](http://www.iawp.org) and click at the top on Members which is simply a text link to [http://iawp.wildapricot.org](http://iawp.wildapricot.org).

At top right, click on Login.

On next screen enter your email address. At bottom click Forgot Password. The system will immediately generate a code for you. Come back to this page and login with your email and system password.

Click the Edit profile button to review and edit your personal record. This is where you maintain your contact information on the system for IAWP mailings.

Click Edit and then click Privacy to see what information displays in your online viewable profile and what changes you can make to reveal or hide details. Privacy settings allow you to control who can see your contact information, employment, title, telephone, etc. You can turn these views on or off.

Click Edit then click Email subscriptions to receive bulk email. Click the Save button after making changes.

Click Member Photo Albums to upload photos to the album page. If your privacy setting allows others to view your album, this is where you place your pictures. (Note: The storage space is very small, up to 5 photos.)
